ESCRS 2016 SYMPOSIUM

LFR

LASER FLOATER REMOVAL

Join us during ESCRS 2016 in Copenhagen to hear practical tips and treatment pearls for laser vitreolysis in the treatment of symptomatic floater patients. Whether patients with symptomatic floaters should be offered treatment continues to be debated. One thing is for certain; an increasing number of patients are complaining of floaters and the impact they have on their quality of life.

"FLOATERS. TO TREAT OR NOT TO TREAT?"
