

Join us at the joint
ESCRS/Euretina
meeting in London for

Minimally Invasive
Effective & Safe

an Introduction to Ophthalmic Endoscopy

Including
ECP and Retinal Endoscopy with hands-on wet lab

Saturday, September 13th
6:00 PM (Refreshments will be served.)
at the ExCel London
Room: South Gallery 20

with special guest speakers:

Prof. Philip Bloom FRCOphth
Western Eye Hospital, London

S. Chien Wong, FRCSEd(opth)
Moorfields Eye Hospital, London
Royal Free Hospital, London
Great Ormond St. Hosp. for Children, London

YOU ARE INVITED to attend a free Endoscopic Cyclophotocoagulation (ECP) and Retinal Endoscopy Training & Certification Course* with hands-on wet lab during the Euretina & ESCRS meetings. Learn the basics of ophthalmic endoscopy and discover how direct visualization and laser application can be beneficial in glaucoma, cataract, and retina practices.

* This course is not affiliated with the 2014 ESCRS Congress.
