Dear SCHWIND User,

You are cordially invited to join the 15th International SCHWIND User Meeting, taking place from July 17 – 20, 2014 in Vancouver, Canada.

With the decision to host the meeting for the first time in Canada, we follow our strategy to intensify contact with user communities all over the world.

Vancouver is consistently named as one of the world's most livable cities and ranks among the top locations to host international conferences and events. Thus, the 15th SCHWIND User Meeting will offer you an excellent platform to socialize with other SCHWIND users and to take advantage of an enriching exchange of experiences.

Beyond the scientific aspects of the conference, you will of course have the chance to enjoy an attractive social programme that we have carefully arranged for you in Vancouver.

We look forward to welcoming you in Canada.
